There are many kinds of music in the world, pop music, classical music, folk music and so on. Do you know country music? It's a traditional kind of music from the southern states of America. I like it very much! It will take me away for a while after I am tired. The guitars and songs will take me to mountains and fields.

Country music usually talks of everyday life and feelings. It's the spirit of America, easy to

understand, slow and simple.

Country music developed in the Southern United States. It was the folk music of American countryside. Many of songs tell about the lives of farmers. They talk about love, crops or death. The life of the countryside can be hard, so the words in country music are often sad. At first, people played the music only at family parties. But it became more popular later. In the 1920s, people played country songs on the radio, and they made them into records.

When people in the countryside moved to towns and cities to look for work, they took their music with them. Country music continued to change and became popular across America.

John Denver was one of America's most famous country singers in the 1970s. His song "Take Me home, Country Roads" is well-known and people still play it today.

There are not enough Chinese language teachers in the world. It has become a big problem. Didi Dawis, president of the Indonesia Fujian Association (印尼福建商会), said Indonesia has only about 1,000 Chinese teachers.

"With increasing trade and communication between China and Indonesia, more and more companies from the two countries have established language offices. These new companies need a large amount of people who are good at Chinese," he said.

Didi Dawis hoped that China would take Indonesia's language needs into consideration and send more Chinese teachers.

In recent years, the Chinese language has become more and more popular worldwide. The United States government also noticed the importance of the Chinese language. In New York and California, it has become the second language of many students. In the future, more and more schools will open Chinese course, so they need many high-level Chinese teachers.

China is working out many ways to solve the problem. President Xi Jinping said during his visit to the US in September in the next three years, China will support the studies of 50,000 Chinese and US students in both countries, and the US will provide chances for as many as one million students to learn Chinese by 2020.

X、书面表达。（满分 20 分）

One possible version:

Campus violence (校园暴力) happens from time to time nowadays. It is harmful for students. It hurts not only our bodies but also our minds. As a student, we should follow the school rules. School rules play an important role in helping students to behave well. We should listen to the teachers and parents and be strict with ourselves. What's more, keep away from Internet bar, or it will have a bad influence on our health and study. Go to school or go home on time. To be a good student, we must be polite and friendly, do not fight with each other. When we have troubles, communicate with our parents and teachers. They can help us to solve many problems. I hope we will all become good students.
